

Golden's 2007 Endangered Sites / Places List

Golden's historic places are under the constant threat of development and deterioration or neglect. In order to bring attention to special places not currently protected by historic designation, HPB annually identifies our town's most endangered landmarks and landscapes. With the aid of citizens, community organizations, and historic preservation organizations, HPB honors Golden's historic treasures through the annual Endangered Sites/Places List. The Endangered Sites/Places List brings awareness and attention to Golden's historic treasures as well as educates the community on the value of historic preservation of our town's unique places.

HPB welcomes anyone interested in historic preservation to submit a nomination. The HPB also encourages owners of historic properties to actively participate in the nomination process.

HPB asks that submitters provide fully completed responses to each of the questions below. Please be as specific as possible, as it will help in HPB's evaluation process. Submitted materials will not be returned. Include photos (if available), letters of support, historic register nominations, and/or map of the site.
